

# Rebate

# High-Efficiency Clothes Washer

SAVE ENERGY. SAVE WATER. SAVE MONEY.

Your local water agency and Pacific Gas and Electric Company (PG&E) together are offering a streamlined rebate process to customers who purchase high-efficiency clothes washers. Earn a combined rebate for your purchase of a qualified water and energy-efficient clothes washer and save energy, water, and money for the life of your new appliance.

Rebate amounts are based on the Consortium for Energy Efficiency (CEE) current Clothes Washer Qualifying Product List. **ONLY Tier 2 and Tier 3 models are eligible for this initiative.** For more information about CEE and Tiers 2 and 3, please visit [www.waterenergysavings.com](http://www.waterenergysavings.com). Tier 2 models qualify for a maximum rebate of \$125 and Tier 3 models qualify for a maximum rebate of \$200.

## HOW TO PARTICIPATE:

- View the current CEE list of eligible residential clothes washers by visiting [www.waterenergysavings.com](http://www.waterenergysavings.com).
- Be a customer of PG&E and a participating water agency with active meters serviced by PG&E and your participating water agency.
- Purchase a new, eligible high-efficiency clothes washer, installed at a site served by PG&E and your participating water agency between January 1 and December 31, 2009. **All rebate applications must be postmarked or received on-line no later than 90 days after purchase date.**
- **Submit a completed application by mail to the address listed on this form along with a copy of your proof of purchase or apply on-line via [www.waterenergysavings.com](http://www.waterenergysavings.com).**
- **Proof of purchase must include purchaser name, installation address, purchase date, installation date, purchase price, and clothes washer brand and model number.**

For more information on this program, please call **PG&E's Smarter Energy Line** at **1-800-933-9555**, Monday through Friday, 8:30 A.M. to 5:00 P.M. or visit the initiative Web site at [www.waterenergysavings.com](http://www.waterenergysavings.com).

## PLEASE NOTE:

- Not all high-efficiency clothes washers qualify for a rebate. **ONLY Tier 2 and Tier 3 models on the current CEE list are eligible. CEE Tier 1 clothes washer models do not qualify for this program.**
- Tier 2 rebate amount is a maximum of \$125, consisting of PG&E's rebate of \$35 and your participating water agency's rebate of \$90.
- Tier 3 rebate amount is a maximum of \$200, consisting of PG&E's rebate of \$75 and your participating water agency's rebate of \$125.
- The list of eligible clothes washers and washer rebate values are subject to change. Rebate values are based on both the water and energy efficiency of the clothes washer purchased.
- If you are making the PG&E portion of your rebate payable to a third party, please use the PG&E application form, available at [www.pge.com/rebates](http://www.pge.com/rebates).
- Some water agencies do not offer a rebate on clothes washers that contain silver ion technology. Please see [www.waterenergysavings.com](http://www.waterenergysavings.com) or contact your local water agency for more information.

## TERMS AND CONDITIONS:

- To be eligible for a rebate I understand I must be a customer of both PG&E and a participating water agency with active meters serviced by PG&E and a participating water agency.
- I understand the program term is January 1, 2009 through December 31, 2009 or sooner if allocated funds are depleted. New products that are ordered, purchased and installed prior to January 1, 2009 or after December 31, 2009 do not qualify for a rebate. Leased products do not qualify.
- I understand this signed and dated "High-Efficiency Clothes Washer Rebate Application Form," all appropriate proof(s) of purchase, and other required documentation as described in this application must be sent to PG&E's Integrated Processing Center (IPC) postmarked by March 31, 2010 to be considered eligible for the rebate. A rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after PG&E and your participating water agency receive and approve a completed application including all required documentation unless an application is selected for an onsite inspection, which may add additional time. An incomplete application cannot be processed for payment. I will allow, if requested, a representative from PG&E, the California Public Utilities Commission (CPUC), participating water agency, or an authorized third party reasonable access to my property to verify the installed product I have purchased before a rebate is paid.
- I have installed a qualifying product and understand the water and energy-efficiency eligibility requirements for each stated product (as defined by the CEE Clothes Washer Qualifying Product List) determines the rebate amount. The rebate amount cannot exceed the purchase price.
- I understand I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third party energy efficiency program offering rebates, financing or other rebates funded with CPUC Public Goods Charge funds, or from more than one water agency.
- I understand the qualifying clothes washer must remain at the installation site for a minimum of six (6) months after installation date.
- I understand there is a limit of one (1) rebate per household within a five (5) year period for water customers. Multifamily property owners must visit [www.pge.com/multifamily](http://www.pge.com/multifamily) for information on claiming the PG&E portion of your rebate. Contact your local water agency for the Local Water Agency portion of your rebate.
- I understand installation of qualifying clothes washers may not result in lower energy bills or water bills; and PG&E and the participating water agencies do not warrant any clothes washer or installation to be free of defects, the quality of workmanship, or the suitability of the premises for the clothes washer installation. I agree to indemnify and to hold harmless the participating water agencies and PG&E, its Affiliates, Subsidiaries, Parent Company, Officers, Directors, Agents, and Employees against all loss, damage, expense, fees, costs, and liability arising out of or in any way connected with installation of a clothes washer.
- I understand PG&E and participating water agencies are not responsible for items lost or destroyed in transit through the mail or electronic medium. Original applications will become the joint property of PG&E and participating water agencies.
- This program is subject to change or end without prior notice. Offer void where prohibited or restricted by law.

Property Type:  
 Single Family  Multifamily

The undersigned understands that this qualifying high-efficiency clothes washer was purchased new at retail price and installed at the address indicated for personal use, not for resale. I agree to a sale, delivery, product installation, verification and/or inspection by PG&E or any of the participating water agencies.

The undersigned understands that installation of qualifying clothes washers may not result in lower energy bills or water bills; and that PG&E and the participating water agencies do not warrant any clothes washer or installation to be free of defects, the quality of workmanship, or the suitability of the premises for the clothes washer installation. The undersigned further agrees to hold harmless the participating water agencies and PG&E, its Affiliates, Subsidiaries, Parent Company, Officers, Directors, Agents, and Employees against all loss, damage, expense, fees, costs, and liability arising out of or in any way connected with installation of a clothes washer. I have read, understand and agree to the Terms and Conditions of this rebate program including the "How to Participate" and "Please Note" sections of this application.
